About Searching for Brownfields or Voluntary Cleanup Program Records

The Brownfields and Voluntary Cleanup Programs have made all records pertaining to sites closed between September 2009 and July 2015 available in electronic format on the RRC's website as an online research query. This project was funded wholly or in part by the United States Environmental Protection Agency under the assistance agreement RP-01F52701 to the Railroad Commission of Texas.

For more information about either program, please visit the RRC's Brownfield and Voluntary Cleanup Program websites.

To search, please select one, or a combination, of the following fields:

1. File Number
2. Program Type (dropdown)
    1. Voluntary Cleanup
    2. Brownfields
3. Document Type (dropdown)
    1. Report
    2. Application/Correspondence
    3. Miscellaneous
4. Applicant Name
5. Operator Name
6. Site Name
7. District
8. Lease ID
9. County
10. Lease Name
11. Open Date (enter a date range)
12. Closed Date (enter a date range)

Please note that the "File Number" must include the two digit district code followed by a "-" before the unique file number. For example, VCP file number 70007, should be entered as "03-70007" in order to be searchable.

The RRC's Open Records Request (ORR) process continues to be an option for closed project files that have not yet been imaged or were microfilmed prior to September 2009, as well as open project files.   A link to the RRC's ORR procedures is provided below.
